that now exist, or once existed in those countries.

News from the whalers in the Antarctic Seas on February 17 was that up to that time the whaling had proved a failure with all the ships that made the venture. There were plenty of whales of the finner and humpback kinds, but none of the Greenland kind. Grampuses were too plentiful. Seals were very numerous, and there were also plenty of sea lions. Some icebergs of enormous size were seen; one was fifty miles long, and several were from fifteen to twenty.

A drastic measure for the regulation and restriction of foreign immigration is before the Legislature of New South Wales. It regulates the conditions of residence of foreigners already resident in the colony, restricts the immigration of persons belonging to colored races, and absolutely excludes all Asiatics, "whether subjects of the Queen or not."

There is a sentiment in favor of such a measure in the colony, but as it would have to receive the consent of the Crown it is not likely to become law in its present form.

Bernhardt is to have a theater in Paris all to herself when she returns from her South American tour next September, where for three years she will have free play. She feels the need of being "baptized anew" in her beloved city. The Theatre de la Renaissance has been taken for three years by M. Grau in her behalf, and it will be opened about October 15th with a great flourish of trumpets and a new piece, probably by Sardou. The repertoire of the new theater is to consist exclusively of new plays inspired by Bernhardt and written by the pick of the dramatists and poets. She left for South America for a three months' tour a week ago.

Lottie Collins met with a nasty accident a couple of nights after her reappearance in London, and all for trying to live up to the triumph of her "Ta-ra-ra Boom-de-ay" dance. She appeared with a new song "Queen of Gay Paris," accompanied with a new dance, a riotous, high-kicking, elbow-jerking affair, designed to satiate the audience's thirst for a climax to "Ta-ra-ra." But at the end of the dance a couple of nights after its first exhibition, in putting her whole soul into a final masterpiece of a kick, she overbalanced, her foot slipped, and she upset and came down flat on her back on the stage, spraining her ankle quite badly. She had to be carried off, and the doctor said she would be laid up at least two weeks. The dramatic critics called it "the inevitable catastrophe."

Wampole's

Tasteless

Preparation

OF

Cod Liver Oil.

It aims to cure Consumption, Hits the Mark, too, and it most effectually breaks up Colds, Coughs, Hoarseness and all Throat and Lung troubles that cause this disease.

It is natural logic to conclude that if WAMPOL'S PREPARATION OF COD LIVER OIL has power to prevent Consumption, it surely is able to cure these lesser emergencies.

This vigor-making, fat producing preparation is Absolutely Tasteless, in so far as Cod Liver Oil is concerned. All you notice is a delightful flavor of Wild Cherry and Anise.

But the purest Norwegian Cod Liver Oil is there all the same. It is a great blood enricher. Best of all it is a natural food that in its stomachic effects, actually assists its own assimilation.

In Pulmonary or Bronchial troubles it is unequalled. No one doubts the value of Cod Liver Oil, but not every one is able to take it.

WAMPOL'S PREPARATION

removes the nauseous objection and actually makes Cod Liver Oil palatable.
